

# Angel Heart

J 100

## INTRO:

I am on my way, a new day has come, I'm not alone  
every every day, when my angel is flying away  
every every day, when darkness has come, I feel so alone

I am on my way, I have a lot of things to say  
every every day, I pray to my angel, please show me my way  
every every day, he says trust me again, I will show you your way

## REF:

Angel Heart, shining like a star  
Angel Heart, a shining light into the dark, into the dark

I am on my way, I've found my road to stay  
every every day, I am happy to see, what's new for me  
every every day, thank god for the day and now I can say

## REF:

Angel Heart, shining like a star  
Angel Heart, a shining light into the dark, into the dark

I will follow you, I will follow you, I will follow you wherever you are  
I will follow you, when everything is dark
