

I would lie

J 112

What's the pain on my shoulders, a pressure in my head
I feel the sorrow, Around me and my head

B-Part

I would like to say, I have no doubts
I would lie, if I would take these words in my mouth

Can you help me please, don't ignore
there is some trouble in my head

I can't find the way, to trust myself
I'm impatient everyday

B-Part

I would like to say, I have no doubts
I would lie, if I would take these words in my mouth

REF:

Hey, heyey heyey, I would lie
hey, heyey heyey, I would lie

I was travelling, to my heart
It was closed, I don't understand

I gave it love, it's open now
my heart will tell me everything

B-Part

I would like to say, I have no doubts
I would lie, if I would take these words in my mouth

REF:

Hey, heyey heyey, I would lie
hey, heyey heyey, I would lie
