

Nobody knows

J 110

I think it's time
to change your life
Habits die hard
But you should try

REF:

Nobody knows what tomorrow will bring
So live
Nobody knows how long we will stay
in this world

If you're wondering what is wrong
Listen to me
Listen to this song

Nothing will change
If you never start
make the first step
follow your heart

REF:

Nobody knows what tomorrow will bring
So live
Nobody knows how long we will stay
in this world

If you're wondering what is wrong
Listen to me
Listen to this song
