

Sunday Afternoon

J 116

Sunday afternoon, wondering what to do

REF:

Sitting in front of you, playing guitar and sing with you
We're feeling the summer breeze, enjoy the life and feel the heat

Sitting in the grass, a swan in front of us
Look into the sky, we both can fly high

REF:

Sitting in front of you, playing guitar and sing with you
We're feeling the summer breeze, enjoy the life and feel the heat

Bridge:

I look into your eyes, now I can see your smile

REF:

Sitting in front of you, playing guitar and sing with you
We're feeling the summer breeze, enjoy the life and feel the heat
Sitting in front of you, playing guitar and sing with you
We're feeling the summer breeze, enjoy the life and feel the heat
