

Tonight

J 107

I wake up in the middle of the night
cannot sleep, I start to fight
I am restless and I'm tired
I get up and write

I am sitting at the table
I start to write a song
I think about the words
that I'm writing down, writing down, writing down

REF:

I'm tired but I'm creative
I'm tired but I'm happy to write
I know when you listen to this song
you will think about the words that I'm writing down,
tonight, tonight, tonight

Do you know that I'm happy this night
do you realise, that I tell you the truth
with every song that I write,
I tell you the truth about me and my life

REF:

I'm tired but I'm creative
I'm tired but I'm happy to write
I know when you listen to this song
you will think about the words that I write,
tonight, tonight, tonight
